Tomo I

TOMO I Salvador Bustamante Celi

Salvador Bustamante Celi (1876-1935) Es reconocido como el más destacado de los músicos y compositores de la provincia de Loja, su producción musical más difundida abarca los géneros litúrgicos y la música popular ecuatoriana. Sin embargo, su notable producción musical para piano y para formatos de cámara con características más académicas, son en gran medida desconocidas. Un tratamiento biográfico muy conservador por la historiografía musical ecuatoriana ha mantenido en la sombra importantes elementos socio-políticos de la vida del compositor, así como otras facetas artísticas poco exploradas.

El primer tomo del proyecto “Colección de literatura musical académica de mediados del siglo XIX y siglo XX en la ciudad de Loja” que lleva su nombre, pretende en cierta medida comenzar a saldar la deuda en términos de difusión de la obra de este destacado compositor lojano, a través de una aproximación histórica del personaje, la presentación del catálogo de su obra y la edición de una selección de su música de cámara.

Esperamos que este estudio se constituya en fuente de consulta y abra el camino a muchas otras investigaciones que contribuyan a poner en valor el patrimonio artístico del músico lojano.
